Re: Dendra Dengler, FPPC#090438

Honorable Members of the Commission:

I have lived in Manila for almost 40 years. I attended almost all of the Board of Directors meetings for the Manila Community Services District for over twenty years, some as an interested community member and some as staff for parks and recreation. I have seen many differences among community members and Board members over the years, however, this tops them all off. To anonymously report that Dendra Dengler has broken a conflict of interest policy takes petty community infighting to the top.

Dendra has done so many wonderful things to better our impoverished community and make it a decent place to raise families. Providing for beach access was a major priority for this community since the 1970's. I do think that to continue with this harsh charge and fee would be a travesty of justice.

Please consider this letter in your judgment of Dendra Dengler. Do remember that this is a huge fine to pay for a retired person. It would seem that there are other ways to remediate this situation. In view of the present political climate, I am almost fearful to write this letter for fear of reprisals to family and myself. Fearing our local government was the last thing I ever thought would be a problem for me. It does not seem fair either to Dendra or to the FPPC to be put into this situation.

Thank you for your careful consideration of this matter.

Sincerely,

Beverly Prosser
